Red Wolf Development (Dan Wolfe) has completed the cleanup and restoration work required on my farm property in Mount Pleasant to restore it to usable pasture land. He has repaired the fence and gate as good or better than it was before they started removing the rocks. He has paid for all loads of rocks removed. I am satisfied that any remaining rocks or debris either was there previously or is acceptable as is. He has re-seeded the property with good pasture grass seed. I have no further claim or requirements of Red Wolf to do any more restoration.

Regards,

Allen Shelley
